PROFESSIONAL SUMMARY

Aspiring Full stack Developer with hands-on experience in building responsive web interfaces using HTML, CSS, JavaScript, and React in frontend and Node, Express, MongoDB in backend. Looking for an job opportuanity where I can work on real projects, and develop scalable projects.

EXPERIENCE - FULL STACK ENGINEERINTERN – RINTSGRID

Worked as a Full Stack Engineer Intern at Rintsgrid on a live project named Lahomes. I was involved in developing and maintaining both frontend and backend features. My responsibilities included API handling, API testing, and integrating APIs with the frontend. I also worked on web design, frontend development, backend logic, and fixing bugs reported during development.

TECHNICAL SKILLS

Programming Languages: HTML, CSS, JavaScript, Python

Frameworks / Libraries: React.js, Node.js, Express.js.

Databases: MongoDB, Firebase, MySQL.

Tools & Technologies: Git, GitHub, RESTful APIs.

Core Competencies: Object-Oriented Programming, Problem Solving, Team Collaboration

Dolphin English High School and Jr College | 07/2019 - 03/2020   **Score: 75%**

Higher Secondary Certificate **(HSC)**
Kishinchand Chellaram College | 07/2021 - 07/2022   **Score: 54%**
Stream: Information Technology, Physics, Chemistry, Mathematics

Bachelor of Science in Computer Science **(BSC CS)**
Chandibai Himathmal Mansukhani College | 04/2022 - 08/2025   **Score: 8.00 CGPA**

Relevant Coursework: OOPS, DBMS, DSA, Networking, Discrete Mathematics, Operating Systems, Web Development.

PROJECTS

Gym Membership & Workout Platform (React, Node.js, Express, MongoDB)

- Built a full-stack web app with dynamic membership and custom workout plans, serving 40+ active users.
- Implemented features like diet planners, food recommendations, and admin-controlled user management.
- Designed an admin dashboard for tracking user progress and viewing revenue insights.

Bag Shopping Webapp

- Developed a full-stack e-commerce website for selling bags with dynamic product listings and secure user authentication.
- Implemented features like shopping cart, product filtering for seamless user experience.
- Implemented responsive UI and RESTful APIs to ensure smooth front-to-back communication.
